Cameron County Drainage District No. 1

The District's primary function is to provide quality drainage to the southeastern portion of Cameron County. This objective is fulfilled through the continual construction and maintenance of the District's drainage system.

The Ernesto Gamez Jr Cascade Park

Cameron County's greatest secret!

Cameron County Drainage District #1 is committed to serving its community. With the creation of the retention pond came the idea of building a new multi-feature, 45-acre park "Ernesto Gamez Jr Cascade Park" in Brownsville, Texas; making it the only retention pond with a park in the US. The retention pond was originally built to alleviate flooding in the surrounding areas. However beyond that, we offer additional amenities to our community and the RGV. Other than contributing water management to the areas, the park includes but is not limited to, a breathtaking 40-foot illuminated waterfall, multiple fishing decks, a playground, splash pad, basketball and volleyball courts, a soccer field and a walking trail overlooking the pond. The park has several "palapas" or permanent picnic areas that are well equipped to accommodate small to large events. Through the Ernesto Gamez Jr Cascade Park, we will continue to give back by hosting events throughout the year in order to encourage people to spend leisure time outdoors and promote an active lifestyle in the Rio Grande Valley.

CLEAT

To Our Community Friends and Neighbors,

The Brownsville Police Officers' Association is partnering up with the Cameron County Drainage District No.1 to bring a Children's Fishing Tournament to the 2023 Eggstravaganza event taking place at the Ernesto Gamez Jr Cascade Park on the 1st of April, 2023 9:00 am to 12:00 pm.

This will be our 2nd Annual Children's Fishing Tournament at the Eggstravaganza event, an event that is already geared towards bringing kids outside to enjoy various activities. Our first fishing event reached about 100 families and 200-300 children; this year we would like to double the number of participants. We believe a Fishing Tournament would offer kids a chance to nurture a sense of wonder and adventure. All children participating in this event would need to have a parent or adult supervising them during the tournament, which would translate into good quality time that would help build strong family ties. The chance that a child falls in love with fishing also offers them a chance to identify with another positive outdoor activity. All of us remember who taught us how to fish. This event would give parents a chance to pass down a tool to their children and create beautiful life-lasting memories.

This children's fishing tournament is a non-profit event. We are asking for your help with donations that would cover tournament prizes and equipment.

Thank you for your assistance in giving back to our community.

Respectfully,

Sgt. at Arms Frank Barrera
